Attractions Marketing Program Guidelines

The Lee County Visitor & Convention Bureau (VCB), in partnership with the Southwest Florida Community Foundation, accepts, reviews and processes funding requests from tourism-related, non-profit organizations on behalf of the Tourism Development Council (as qualified per Florida State Statute 125.0104).

Goal

The program provides financial assistance to 501c3 not-for-profit arts and attractions organizations, and arts and cultural departments of municipal government that enhance tourism opportunities in Lee County. These site-based attractions and organizations provide a different level of service to visitors than events, and by the nature of their existence, attract visitation to the region or offer reasons for visitors to extend their stay in the destination.

VCB partners funded through this program are expected to:

- Assume a leadership and advocacy role in the community to advance tourism.
- Enhance the visitor experience and encourage repeat visitations through promotions and dissemination of information regarding arts and cultural offerings available in Lee County.
- Participate in cooperative promotional efforts with the Lee County VCB, where applicable.

To be eligible for this program, an organization must meet the following minimum criteria:

1. The organization must be: a) legally organized as a nonprofit, holding a federal 501(c)(3) tax-exempt status OR b) a government organization that is incorporated in Lee County.
2. The Organization must have their financial statements compiled or reviewed annually by a third party CPA and provide results upon request of the VCB or SWFL Community Foundation.
3. The organization must provide a current IRS form 990.
4. The tourism-based organization's facilities, programs or services must be available to visitors throughout the year. While an organization's major program(s) or service(s) may occur primarily during a specific time of year, other services and programming should occur and benefit visitors throughout the remainder of the year.
5. The organization must have a dedicated administrator responsible for managing the organization.

It is the responsibility of the applicant to show proof of eligibility. Applications should also show how the organization brings visitors to Lee County throughout the year. Organizations must be able to show results of grant dollars spent (e.g. Increased out-of town visitation, increased website traffic, etc.) with specific data.

Additional information:

1. Partners funded through this program will be required to outline specifically how funds will be spent before the beginning of the Fiscal Year in which funds are awarded.
2. Change requests regarding usage of grant funds require prior approval and should be made in writing to the VCB Program Manager.
3. Partners will be required to submit a detailed final report, including specific information about marketing placements and results, additional dollars spent, copies of invoices and proof of payment.
4. Applicants must share attendance of out-of-county vs. local visitation from the organization's most recently completed fiscal year.
5. Partners will be required to provide specific information about how out-of-county visitation data is collected. Partners may use admission, ticket sales, etc. to track visitation, and will be expected to survey a representative sample of visitors at special events that are not ticketed. This can be done via brief on site interviews, via email or website questionnaires post event.
6. Funds may be used solely for marketing projects intended specifically to bring visitors from out-of-county (see fundable items). Any use of grant money for items not listed or approved will result in requiring non-complying recipients to pay back the previously awarded money within one year of contract end date. Failure to comply with the required grant reporting will impact future funding decisions and allocations.
7. Funding is for projects that occur within the designated fiscal year only.
8. All project printed materials, signage or advertising must contain the words and/or logo where applicable, "Funding provided by Lee County Tourist Development Council."
9. Applicants are encouraged to have marketing plans reviewed by VCB marketing staff prior to submitting.
10. To be considered for funding through the TDC, applicants must attend the Attractions Marketing Application Workshop prior to submitting application. Choose from two dates.
11. Funded attractions must have a listing on the Lee County Visitor and Convention Bureau website.
